#### INTER-UNIVERSITY COMMITTEE ON TRAVEL GRANTS

The Inter-University Committee on Travel Grants is also soliciting inquiries concerning a possible exchange of Russian language teachers and prospective Russian language teachers which is presently being negotiated with the Soviet Union. If a final agreement is reached, the exchange will provide for ten weeks of advanced Russian language instruction in the Soviet Union during the summer of 1962. Eligible Americans would be either, (1) college seniors with a Russian major who will begin secondary school teaching, or graduate work in Russian in September, 1962; (2) qualified secondary school teachers of Russian; (3) advanced graduate students who may be unable to participate in the longer term exchange of graduate students and young faculty members.
